

# DEBUTANTES NOT THE ONLY BRIDES OF THE CAPITAL THIS YEAR; THREE WHO'VE BEEN LED TO ALTAR BEFORE TAKE HUSBANDS

The debutantes of Washington are not the only brides of the capital this year, for there have been at least three marriages where the brides have been "led to the altar" before. Mrs. Elizabeth Bell Hearn was married early in the season to Senor da Gama, the Brazilian ambassador; then came the wedding of Mrs. Frank Ellis to Mr. Gist Blair, and last week Mrs. John Walton Hudgins, widow of Lieutenant Hudgins, U. S. N., who was the hero of the explosion of the U. S. S. Kearsarge, was married to Commander Horace Greeley Macfarland, U. S. N. retired.

Although the three couples have

spent many years in Washington, their weddings took place in New York, but all will go to the capital next fall to live, after spending the summer in Europe. The bride of last week is considered one of the wealthiest heiresses of Washington. She and her husband will reside in the handsome house on Sheridan circle owned by the bride's mother, Mrs. Francis Berger Moran, which, for two years has been occupied by Mr. and Mrs. John Hays Hammond.

Commander Macfarland was a shipmate of Lieutenant Hudgins, and the duty fell to him to break to Mrs. Hudgins the news of her husband's death, which occurred while he was trying to save the men under his command. After twenty years' service in the navy Commander Macfarland took up the study of law at George Washington University and graduated first in his class.

of the intended delay in acting on the dividend.

Rose, Independent, the latter apparently having been assured a place on the mayoralty ticket to be presented to the voters June 3, is shown unofficially.

# WITH THEIR WINDOW SMASHING, PROPERTY DESTROYING, HUNGER STRIKING TACTICS SUFFRAGETS BRING GRAY HAIRS TO ASQUITH

Feeding an imprisoned militant suffragist. (From sketch in the militants' official organ.)

The Asquith government, which has solved many difficult foreign and domestic problems with ease during its lease of power, frankly does not know how to treat the militant suffragets. If it imprisons them for their acts of violence they go on a hunger strike. The government must either let them starve to death or release them. It dares not let them starve, as public sentiment would not stand for such a thing. Forcible feeding of the imprisoned militants has not worked out with much success. The accompanying sketch shows how the suffragets have sometimes been compelled to take nourishment, whether they wished to or not.

## WORLD'S MARKETS

### WALL STREET.

New York, May 9.—Failure of the market, to respond to the exceptionally favorable crop report of year, encouraged bear traders today and when it became apparent after the opening that there was increased resistance buying, selling pressure was applied.

The result of this selling was not large and it became obvious that long stock was not being dislodged and traders reversed their position. Ex-

ports to cover sent up the list smartly and before noon Reading, Union Pacific and Southern Pacific sold a point above yesterday's close.

Weakness of certain stocks was based on developments specifically affecting those issues.

Talk of the financial requirements of New York Central and expectation of a large falling off in the monthly tonnage figures of United States Steel influenced the course of these stocks.

Bonds were easy.

The tone of business was light at the opening of the market, today, and changes were small. A majority of the active stocks showed the day on a level with last night's close or slightly above. Canadian Pacific and

Chesapeake & Ohio were exceptions, the former receding a point and the latter 5-8.

Eastern railroad stocks turned heavy. New York Central, Pennsylvania and New Haven making their lowest figures of the movement. What little strength was evident elsewhere at the opening disappeared under this selling and many stocks fell to about a half point under yesterday's closing.

Reaction followed the midday rise in prices a reaction in New York Central to 99 1/8 and American Telephone to 127 5/8, both low records, inflicting some professional selling. Rumor spread broke nearly four points on the official announcement
